

## Engineering Change: 15366021 15366060

Hello Valued Customer,

You are receiving this email because your company has purchased on or more of the parts impacted by this engineering change within the past 12 months. There is no change to the part number or the price. The change is to cable seal part numbers 15366021 and 15366060 per the information below:

**Today, December 11, 2015, plant 26 will be producing cable seal part numbers 15366021 and 15366060 per option 4 of drawing 12191225. The figure below shows the change made to the cable seals. This change is authorized by change notice 429305. Seals received prior to this date will have a continuous anti-stick ring and no cavity number or tool ID. There were no changes made to the overall seal dimensions or configuration. Please inform your customers of this change going forward. Your customers can still use the material they have in inventory or in transit from plant 26.**
