

A Series™ Caps

Protective Caps

Available for a wide variety of A Series™ product lines

Amphenol Sine Systems' **A Series™ Caps** are a low-cost, alternative to using standard connectors with sealing plugs and provide an optional protective covering for dust and other harsh, environmental and industrial elements. Protective plug & receptacle caps are IP67, IP68 and/or IP69K rated (in mated condition), depending on Series. Currently available for use with **AHD, AT, ATM, ATP and Duramate™ Series** connectors.

Applications: Heavy Equipment, Agriculture, Construction, Transportation, Off-Road, Mining, Industrial, Railway, Automotive, Diagnostics, Marine, Water Resistance, Harsh Environments
