MEGA® Fuses

MEGA® Clear Top Housing Fuse

Description

MEGA® SLO-BLO® automotive fuses employ diffusion pill technology to provide time-delay circuit protection. MEGA fuses are ideal for use on batteries, alternators, and heavy gauge wire harnesses that experience large inrushes of current. The MEGA SLO-BLO fuses with ratings of 40 A to 250 A ensure continuous current flow. Use MEGA fuses with ratings of 300 A to 500 A only for short circuit protection.
