

AT ATSeries™

715 Piece Standard Connector Kit

Part Number: AT-CK-715

Amphenol Sine Systems' **AT Series™ 715 Piece Standard Connector Kit** contains the plugs, receptacles, wedgelocks, contacts and tool to assist with on-site repairs. Containing all Genuine Trusted Amphenol Parts, you can rest assured that repairs made with these parts will match the same commitment to quality as your original parts.

- To order replacement parts for this **Kit** (P/N: AT-CK-715), or to purchase an **Amphenol Universal Crimping Tool Kit** (P/N: AUTK-100) or an **A Series™ Size 16 Contact Crimping Tool** (P/N: AUTK-16) contact your preferred Distribution Partner or refer to www.amphenol-sine.com/distributors.
- AT Series Contact Insertion and Extraction Assembly Instructions can be found online at www.amphenol-sine.com/assembly-instructions.

AT Series™ connectors are a high-performance, IP68/69K rated (mated), thermoplastic, cost-effective solution with superior environmental seals and seal retention capabilities. The connector design incorporates an integral latching system that ensures a definitive electrical and mechanical connection.

Applications: Heavy Duty, Transportation, Marine, Diagnostic, Alternative Energy, Agricultural and other demanding interconnect architectures.

AT Series™ Key Features

- IP68/69K rated (in mated condition)
- Thermoplastic housing with excellent UV resistance
- Integrated latch for mating ensures a secure connection
- Superior front and rear environmental seals and seal retention
- Compatible with existing standard products industry-wide
